

ACTIVITY

David the shepherd

David was a shepherd before he became king. David was also the youngest and smallest in his family. God knew what was in David's heart and knew that he would be the right person to be king. Just as David cared for the sheep, God cared for David – and cares for you today.

Help David find all the sheep in the field. Draw a line from the sheep you find to David.

How do you show God's love to your brothers, sisters, friends or pets?

For older children God saw the potential in the young shepherd David to one day be king. God sees all of the potential and possibilities that we do not see. What do you want to do in life?
